

FALCO NEST

SUSTAINABILITY
IN ACTION

Falco SC launches “Falco Nest”, A bold sustainability project to become one of Germany’s first carbon-neutral football clubs.

BERLIN, SEPTEMBER 2025

SC Falco has announced the launch of Falco Nest, a multi-month campaign of sustainability initiatives aimed at lowering the club’s emissions and inspiring similar action across grassroots and community football. With a mix of bold steps from an in-depth energy audit to tree planting around their Poststadion pitch Falco aims to become one of Germany’s first carbon-neutral football clubs.

WHY IT MATTERS

Football has the power to unite people and to lead change. Falco Nest is designed to:

- Cut emissions within the club and its facilities
- Support local green initiatives in Berlin
- Inspire fans, players, and other clubs to take measurable steps towards sustainability

KEY INITIATIVES

- **Tree Planting in Moabit** 10 trees planted around Poststadion, in partnership with Stadtbaum Berlin to offset emissions locally.
- **Sustainable Gear** A new RAVAL kit ethically made in Portugal and Derbystar Planet APS matchballs built with recycled materials and a lower carbon footprint.
- **Professional Energy Audit** A deep dive into Falco’s energy use and emissions, creating a roadmap to carbon neutrality.
- **Sustainability Leadership** Appointment of Anton Klischewski (Action Alliance Fair Trade Berlin) as Sustainability Officer to oversee all initiatives.
- **Community Awareness Events** Hosting multiple public events, and participating in a FUTURE LEAGUE sustainability meeting (Nov 4), to share learnings and inspire grassroots clubs.

TIMELINE OF ACTIVITIES

SEPTEMBER	• Official launch/press release • New sustainable match balls in play
OCTOBER	• Energy audit begins • Sustainability Officer appointed • Tree planting day at Poststadion
NOVEMBER	• Kit launch • Sustainability conference (Berlin) • Launch of Biodiversity Stripes Armband • Community Awareness Events
